

## ■ ■ USB 3.0 Express DUO

Super Talent's new USB 3.0 Express Duo delivers a 2x performance over the fastest USB 2.0 drives. When plugged into a USB 3.0 port it tops over 67MB/s, yet remains fully-backward compatible to the millions of USB 2.0 devices worldwide. The introduction of our new USB 3.0 Express DUO line sets a new price/performance standard by offering a high performance product at an undeniable value.

### Specifications

|                       |                                       |
|-----------------------|---------------------------------------|
| Capacity**            | 8-32GB                                |
| Interface             | USB 3.0 (USB2.0 lower speeds)         |
| OS Support            | Windows XP, Vista, Windows 7, Mac OSX |
| NAND Flash            | MLC                                   |
| Dimensions            | 67.8 x 17.2 x 7.7 mm                  |
| MTBF                  | +1,000,000 hours                      |
| Data Integrity        | 10 years                              |
| Seq. Read*            | 67 MB/s                               |
| Seq. Write*           | 25 MB/s                               |
| Shock (operating)     | 1500G, 3 axis                         |
| Vibration (operating) | 16G, each axis                        |
| Operating Temperature | 0°C to +50°C                          |
| Warranty              | 5 Years                               |

### Packaging

### Ordering information

| Part Number | Description       |
|-------------|-------------------|
| ST3U8EDB    | EXPRESS DUO, 8GB  |
| ST3U16EDB   | EXPRESS DUO, 16GB |
| ST3U32EDB   | EXPRESS DUO, 32GB |
