

Edifier

HOME LIFESTYLE On the Go encore

PRODUCT DESCRIPTION

Combining design, functionality and portability, the Edifier On the Go encore is the ideal musical companion for all occasions, whether at home, in the office or simply 'On the Go'.

FEATURES

- Improved bass performance.
- Complete portability with built-in Li-ion rechargeable battery that lasts up to 20 hours – subject to operation.
- Operated in FM digital radio mode, the On the Go encore features 18 preset channels.
- An Auxiliary input allows for external MP3 players, MP3 enabled portable phones and other audio devices to be connected and played.
- The elegant LCD screen also displays volume levels, battery status and system charging status.
- A discretely docked full function remote control allows for iPod and iPhone navigation further complimenting the system for ease of operation.
- A soft carry pouch protects the system during transit. With a fold out universal dock On the Go encore is compatible with almost all iPod and iPhone models.
- In the office or at home On the Go encore is charged and can be operated by a full-range universal power supply.
- Apple certified "Made for iPhone" & "Made for iPod".
