

PRODUCT DESCRIPTION

Prime USB is a dynamic 2.0 multimedia USB Hub speaker system with both USB audio streaming and regular analog audio input capabilities. Full-range speaker drivers mounted in 'designer white' satellites with top mounted electronic volume controls guarantee impressive performance and ease of operation. The speaker system works with all PC and home based computer systems. A unique 4 USB Hub connection provides a single point of connectivity for keyboards, mouse devices, data transfer and other USB-enabled devices.
