

Edifier

MULTIMEDIA C2 Plus

PRODUCT DESCRIPTION

The Edifier C2 Plus is a 2.1 multimedia system comprising of two MDF wooden enclosed satellites and a 6 1/2 inch MDF-enclosed subwoofer. It features an external amplifier component to control bass and treble with a headphones jack on the back panel.

FEATURES

- Independent amplifier for superior control
- MDF wooden enclosure for satellites and subwoofer ensures optimum sound quality
- 6.5 inch magnetically-shielded subwoofer designed to deliver deep and power bass reproduction
- 3 inch midrange and 3/4 inch tweeters in two-way satellites
- Patent-pending proprietary technology, IDC (Intelligent Distortion Control) by Edifier
- Built-in headphone jack on amplifier; volume control on amp also controls volume for headphones
- Microprocessor-controlled system with digital display panel
- Dual audio line-in, enabling connection of two audio inputs simultaneously

SPECIFICATIONS

Total Power Output:	RMS 9W x 2 + 35W (THD=10%)
Signal to Noise Ratio:	≥ 90dBA
Frequency Response:	R/L: 115Hz ~ 20kHz SW: 38Hz ~ 108Hz
Input Sensitivity:	R/L : PC: 300mV (+/-50mV) AUX: 300mV (+/-50mV) SW: 150mV (+/-50mV)
Input Impedance:	10KΩ
Bass Subwoofer:	6.5", magnetically shielded, 4Ω
Midrange Speaker Driver:	3", magnetically shielded, 4Ω
Tweeter:	3/4", magnetically Shielded, 4Ω
Gross Weight:	≈ 8.8 kg
