Convenient extra outlet

### THE NETGEAR DIFFERENCE - XAVB5501

- ✓ Convenient filtered power outlet
- ✓ Gigabit-fast wired connection
- ✓ Pick-a-Plug for simple troubleshooting
- ✓ Push-and-Secure for easy setup
- ✓ Energy saving features
- ✓ Best in class performance and reliability

### PRODUCT OVERVIEW

The NETGEAR Powerline AV+ 500 Adapter Kit extends your Internet access to any electrical outlet for the most demanding applications. It offers easy, plug-and-play setup and provides faster speeds for the most demanding applications. Perfect for connecting HDTVs, Blu-ray™ players, DVRs, PCs and game consoles to your home network and the Internet. An extra filtered power outlet ensures you will have space to plug in a power strip for all your home office or home theater devices.

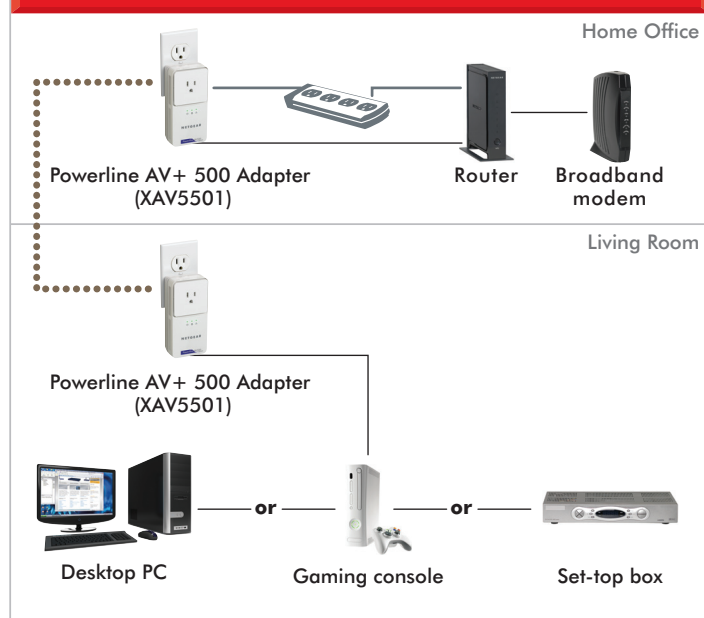

- **Extra Outlet** — Noise-filtered power outlet for additional devices
- **Extend your network** — Extend Internet access throughout your home to any electrical outlet for desktop PCs, gaming consoles and set-top boxes
- **Gigabit-fast** — Speeds up to 500 Mbps enable applications such as streaming multimedia, multiplayer gaming, and multiple HD video streams
- **Plug-and-play** — Sets up in minutes, no need to configure or install software
- **Push-and-Secure** — Secures the network connection with the touch of a button, no need to remember passwords
- **Pick-a-Plug** — Automatically tests the connection at any electrical outlet to ensure the highest possible performance
- **Energy saving features** — Power on/off button, automatically powers down when not connected or not in use, disable LEDs, packaging manufactured with at least 80% recyclable material
- **Expand your existing Powerline network** — Backwards compatible with Homeplug AV including NETGEAR Powerline AV 200

High Performance

**24/7 TECHNICAL SUPPORT\***

© 2010 NETGEAR, Inc., NETGEAR, the NETGEAR Logo, and Connect with Innovation are trademarks of NETGEAR, Inc. in the United States and/or other countries. Other brand names mentioned herein are for identification purposes only and may be trademarks of their respective holder(s). Information is subject to change without notice. All rights reserved.

This product is packaged with a limited warranty, the acceptance of which is a condition of sale.

\* Basic technical support provided for 90 days from date of purchase.

<sup>1</sup> Requires use of HomePlug AV compatible Powerline device (two XAV5501 devices included). For a complete list of HomePlug AV certified devices, please check [www.homeplug.org/certified\\_products](http://www.homeplug.org/certified_products).

<sup>†</sup> Actual data throughput and data over distance will vary. Network conditions and environmental factors, including volume of network traffic, building material and construction, and network overhead, result in lower actual data throughput rate.

Do not plug devices into the XAV5501 filtered AC outlet that exceed the product ratings. The output voltage of the filtered AC outlet is the same as the power outlet which the XAV5501 is plugged into. To help avoid damaging your system, be sure that the attached devices are electrically rated to operate with the power available in your location.

Outlets must be electrically connected in order for Powerline devices to provide a network connection between them.
